

Updated Covid-19 Full Distance Schedule

In light of the increase in Covid-19 positive cases within our community, in combination with the increased diligence in our protocols, enCompass Academy proposes the following schedule to complete the semester:

Monday	Tuesday	Wednesday	Thursday
11/30	12/1	12/2	12/3
12/7	12/8	12/9	12/10
12/14	12/15	12/16	12/17

In this model, the last day would be 12/18/20 for the first semester. The selection of going full distance on 11/30/20 is based upon the recognition of the inability of enCompass to regulate individual student/family holiday plans. As such, it is believed that if we go full virtual for a week and a half after the holiday, we can reduce the opportunity for the virus to spread.

Full Distance	No School (Holiday/ Professional Development)	Regular Hybrid
---------------	--	----------------

For the start of the new semester, enCompass proposes moving its spring professional development days to the start of the new semester. As a result, enCompass will start the second semester with a virtual day on Friday, 1/8/21 whereby all students will need to check in and complete new semester/class surveys. We will then meet in our current regular hybrid beginning on 1/11/21.

Monday	Tuesday	Wednesday	Thursday
1/4/21	1/5	1/6	1/7
1/11	1/12	1/13	1/14
1/19	1/19	1/20	1/21

As enCompass will be meeting in person with students in our current hybrid model for additional days, it is imperative that the students, faculty, and staff follow the following protocols with additional attention:

- Ensure masks are being worn by all individuals indoors, and by individuals outdoors when in a group. (For physical activity or eating, masks may be removed, but physical distancing must be strongly enforced).
- Ensure physical distance is occurring between all students, especially during passing. Follow the passing time maps to ensure students are staying spaced and not congregating.
- Limit lunch exposure: keep individuals in their assigned classrooms unless students wish to go outside with supervision. During lunch, no more than 2 people at a shared table.

- Enhance cleaning: make sure the students are washing hands/using hand sanitizer each class, clean tables each class, sanitize the room at least once daily. (Review protocols.)
- Schoolwide forums: may need to be put on hold, or be revised to be somewhat virtual.
- **Classes need to occur on a livestream for on ground days, as we will have students who are not going to feel comfortable to come to campus.** Instructor microphones have been purchased for better hearing of materials.

Even though we are looking to return to our regular hybrid model on 1/11/21, we are cognizant that this may be impacted and pushed out one week. We will make a determination on this the week prior during the Professional Development week, based upon a team decision. This would cause the start date to be 1/19/21.

Updated Full Distance Online Student Schedule

The following is a schedule that will be followed in the case of a determination to go **FULL DISTANCE** for a week or more at a time. Please note, this schedule expects students to be online between 2 and 3 hours per day, with potential home assignments to complete after the leave the meeting. This means that students could be working on classes for up to 5 hours per day. Some instructors may allow students to leave their scheduled Meet session early if they are working on independent projects, however instructors will always be available for their full allotted time and they will expect to see students daily.

enCompass will continue to use the Google platform. All students have a 1:1 device with which to connect when virtual. Additionally, students have access to a wireless hotspot when requested. The classes are available online using Google Classroom, and students are already using this for their virtual hybrid school days. In the current plan, students will go fully virtual for a week and a half. They will be ready to return to our regular hybrid system with a week and a half remaining for the first semester.

FULL TIME DISTANCE LEARNING SCHEDULE FOR 1ST SEMESTER			
TIME	CLASS	GRADE LEVELS	TEACHER
9:00-9:45	US HISTORY	10TH	MS. EDNA MEZA
	BIOLOGY	9TH	MS. JESSICA SVOBODA
	UKELELE	12TH	MR. LUCAS STEPHENSON

1:30-2:15	SUPPORT	ALL STUDENTS	ADMINISTRATION

At this time, it is our hope that with the movement of professional development days to the start of the second semester, a full distance model will not be required. However, should the team decide that it is necessary to go full distance for one week or more, the following will be the schedule for online Google Meet sessions.

FULL TIME DISTANCE LEARNING SCHEDULE FOR 2ND SEMESTER			
TIME	CLASS	GRADE LEVELS	TEACHER
